

What Others Are Saying...

"f2fmi connects with the youth of today. This ministry has a full endorsement from PEN. From the town square to the classroom or church center, Tom Miyashiro brings a message of hope through the good news offered in Jesus Christ. I whole heartedly recommend these guys as worthy recipients of your full support."

"Tom Miyashiro has quickly shown himself to be a catalyst for change in the region – staging events that call out to and resonate with the local youth, both believers and non-believers, and making himself available as someone who teens can relate to. Overtime is an opportunity in a safe environment for both young believers to share their faith and for not-yet-believers to see what the church has to offer. There is ample evidence that this event has grown significantly – touching more and more of the young people who need a positive influence and a truthful message – and can continue to grow with the proper nurturing."

"There are many events put together to reach youth all around New England. This one lives up to its name: Overtime! This multifaceted event reaches today's fast paced youth with sports, games, music and the straight-forward preaching of the Gospel. We are always thrilled to work with a quality event like Overtime."

“The youth in our church have truly benefited from their experience with community events like Overtime. Overtime in particular is a great opportunity for teens to bring their unchurched friends to hear a life changing and sustaining message because it has a reputation of being a really well put together event that they are excited about attending.”

**-Joe Paskewich, Lead Pastor

“Our parish has been blessed by the ministry and activities of Overtime. It has enhanced our youth's relationship with the Lord Jesus, and has built up their relationship with the Church and their unchurched friends.”

**-The Rev. Ron Gauss, Senior Clergy

“Overtime is an all night event and this October will be the fifth annual. It's much like "Superbowl event" except the local youth pastors are driving this... bowling, skating, open gym, monster golf, and a main event with worship and the Gospel message being preached. Because the leadership of the event is a collaboration of f2fmi with local youth pastors, there is immediate and ongoing follow up with any youth who make commitments to Christ. A main highlight is the unity that this is bringing about not only in churches but in para-church ministries. Mike Foster (Real Ministries) and Justin Kendrick and the Holyfire team are both working with Tom and the Network on the event. I believe that the Overtime event is definitely worth serious consideration of [your] support...”
